

Addictions & Mental Health

We support people on their individual journey

ADDICTIONS & CONCURRENT DISORDERS

Our team provides a range of services including assessment, counselling, safe supplies, withdrawal support, day treatment, and bed-based treatment.

MENTAL HEALTH & CRISIS

Our team is ready to support your mental health 24/7 through our crisis line. We provide immediate support to people experiencing mental distress or a situational crisis. We are a proud services provider of **9-8-8**. We can also see you in person at **225 Fairview Drive** during our mental health walk-in clinic hours, in your home or a community location.

We offer a full range of supports.

Please contact us for more information about our free programs and services in Addictions & Mental Health, Employment, Justice, and Housing. Let's find the path that is right for you.

Addictions and Mental Health & Brant Employment Centre

225 Fairview Dr., Brantford

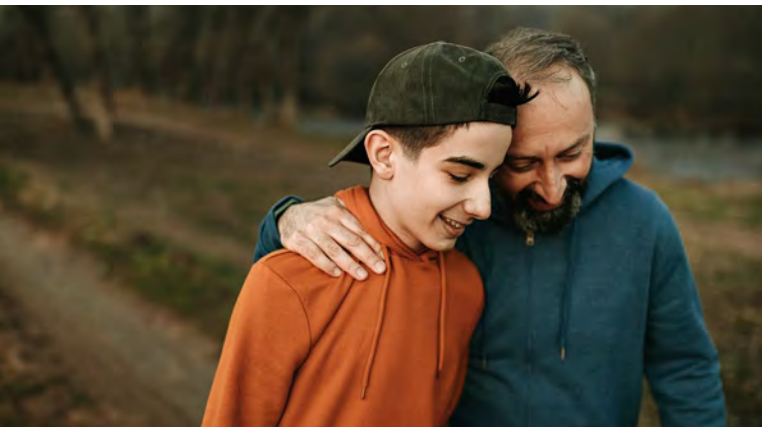

SOAR
Community Services

formerly St. Leonard's Community Services

There are many ways we help people in our community.

We focus on the whole person and provide services to empower people to achieve their vision of independence, health, and wellbeing. Together, we make our community a healthier, happier, and safer place to be.

Employment Services

Helping everyone find meaningful work

We provide a range of job search services. You'll have access to personalized support and coaching to successfully achieve your employment goals. We can assist with job searching, resume writing, interview preparation, career exploration, training options and connecting with local employers. Give us a call or stop in!

Housing

Access to housing from emergency shelter to independent living

We support individuals and their families who are at risk of or who are experiencing homelessness in securing housing options that meet their needs. We offer a wide range of supports that will help in securing safe, affordable, and long-term housing.

Justice

Support for youth and adults involved in the legal system

We provide a range of options for those in the legal system including community service, counselling, workshops, training programs, and education. We aim to support individuals in taking responsibility for their actions. We also aim to help them make amends for any unlawful behavior.

Our team also provides a residential program, that transitions clients into the community. We offer individual counselling, group programs, and employment services.

More than a donation

A gift helps us support your neighbours and community towards a healthier, happier, safer place to be.

DID YOU KNOW?

We support people in many different ways.
